Custom
WIRE SOLUTIONS
that fit your needs.

Value

We stock 500MCM through #3 in high and low voltage colors and maintain an inventory level that ensures the quality of service CED customers have come to expect.

Safety

- Colored feeder wire can help minimize mistakes, accidents, and downtime. All of which saves time and money!
- Simplify jobs and eliminate phase tape.
- Southwire no lube wire available in all colors.

Pulling Heads

- We have a crimping station on site and in-house personnel who are certified to install SIMpull heads!
- The no-slip-grip is guaranteed to outperform all others.
- Staggered lengths allow for easier movement through conduit.

Tools

- PROJax - \$50/Day
- SIMFlanges - \$100/Day
- SIMReels - \$150/Day
- Pulling Heads - \$25/Head
- Cut Charge - \$25/Cut
